PRISON

South American Charged  
With Sticking Needle  
in Girls Arms

## NUMBER OF VICTIMS

Relate Their Experiences at  
Police Headquarters—Be-  
lieve Powerful Narcotic  
Poison Was Injected.

(Associated Press Telegram)  
Newark, N. J., Dec. 6.—Armand  
Megaro, the South American student  
of pharmacy held in \$2000  
bail accused of sticking a needle in  
the arm of Mrs. Marjorie Graft, to-  
day was confronted by another  
woman who reported similar experi-  
ences recently. Mrs. Graft fainted  
after feeling the needle point and  
the two other victims say they felt  
marked drowsiness. While physi-  
cians disagree as to whether a sub-  
tle and powerful narcotic poison  
could be instantaneously injected by  
a needle, Society for the Prevention  
of Crime have taken steps to  
determine whether the process  
tried thus was to get girls in their  
power.

Miss Janette Clark, nineteen years  
old and Miss Mary Lee, a young  
stenographer, were called to police  
headquarters today to look Megaro  
over. Both girls say they were  
stuck by needles in Newark thea-  
tres.

Miss Clark's experience was iden-  
tical with that of Mrs. Graft, and  
occurred in the same theatre. Miss  
Clark said that she occupied an or-  
chestra seat next to a box and saw  
a dark complexioned young man  
leaning over the rail the moment  
before she felt the sting on her  
hand. Her hand became numb and  
the feeling spread quickly, as in  
Mrs. Graft's case, to her entire arm.  
She left the seat and hurried to the  
women's restroom. There she was  
on the verge of collapse when an  
attendant revived her.

Miss Lee said she was in a box  
in another theatre when she was  
stuck by a needle. She became faint  
and two young men who were in the  
box aided her, telling theatre at-  
taches they were her relatives. Her  
sister arrived, however, and the  
young men made off.

There is a drug whose effects par-  
allel those described by these three  
women, according to Dr. Jos. Shears  
an assistant to the health commis-  
sioner of New York. A charge of  
one grain, he said, would kill; a  
quarter of a grain might kill; while  
one one-hundredth of a grain, in-  
jected into the blood would speedily  
cause unconsciousness for several  
minutes. The drug, Dr. Shears ad-  
ded, has come into somewhat general  
use among physicians recently in  
the treatment of delirium tremens  
administered in infinite small  
amounts as a sedative.

AUTOS COLLIDE  
ONE BADLY HURT

(Associated Press Telegram)  
Chicago, Dec. 6.—Raymond Cox of  
Wilmette, suffering a broken neck  
and five other men were injured ear-  
ly today when the automobiles in  
which they were riding collided at  
the intersection of two North Side  
streets. Cox probably will die and  
Otto Stupe, of this city, who was in-  
jured internally is in a serious con-  
dition.

WOMEN WIN OUT  
IN GAS FIGHT  
AT SANDUSKY

(Associated Press Telegram)  
Sandusky, O., Dec. 6.—The fight of  
the women of Sandusky for gas was  
won last night when the city council  
passed the new thirty cents per  
thousand feet ordinance which the  
Sandusky Gas and Electric company  
had previously agreed to accept. The  
new ordinance is an improvement over  
the old, in that no meter rent can be  
charged and no minimum is fixed.  
Council recently passed a 20 cent  
ordinance. The company refused to  
accept it and decided to cut off the  
gas supply. The women then organ-  
ized and forced council to pass an  
ordinance agreeable to the company.

ASKS STATE TO  
REIMBURSE HER

(Associated Press Telegram)  
Boston, Dec. 6.—Miss Jennie May  
Eaton, recently acquitted of the  
charge of having poisoned her hus-  
band, Rear Admiral Joseph G. Eaton,  
has appealed to Governor Foss to  
have the state reimburse her for the  
expense of her trial. In a letter to  
the governor Mrs. Eaton charges that  
the grand jury was not warranted in  
indicting her for murder.

GIRL'S HEART  
ON RIGHT SIDE  
SAY PHYSICIANS

(Associated Press Telegram)  
London, Dec. 6.—A puzzling prob-  
lem of abnormality in a girl who in-  
sisted on doing everything back-  
ward, among other things writing  
from right to left, has been solved  
by Birmingham physicians. An ex-  
amination by the X-ray revealed the  
fact that her heart is on the right  
side and some of her organs, includ-  
ing the brain are also displaced.  
The case has renewed interest in  
that of the boy who saw things up-  
side down and wrote in that fashion.  
The latter came to light about two  
weeks ago.

END ROMANCE OF  
HALF A CENTURY  
IN MARRIAGE VOWS

(Associated Press Telegram)  
Canton, O., Dec. 6.—A romance of  
50 years was consummated last night  
when Mrs. Helen Ream, aged 70, be-  
came the bride of Jacob Snyder, aged  
73. Twenty-two years ago Mrs. Ream  
went west and married. Later Snyder  
also married. Recent deaths left  
Mrs. Ream a widow and Snyder a  
widower. A correspondence resulted  
in the marriage of the aged couple  
who were youthful sweethearts.

RIVER FALLING  
IN BRAZOS VALLEY;  
50 MEET DEATH

(Associated Press Telegram)  
Bryan, Texas, Dec. 6.—Cold  
weather last night caused intense  
suffering throughout the Brazos river  
bottoms, where hundreds of flood  
refugees—the majority negroes—  
have spent nearly 48 hours in trees.  
The flood's death list, which was  
placed at about fifty last night, had  
not been increased by the early  
morning reports. More boats ar-  
rived in the bottoms today from the  
gulf coast, strengthening the fleet  
of hastily made frail craft used yester-  
day to pick flood victims out of  
trees. The river today began fall-  
ing in this section, giving promise  
that before night most of the urgent  
rescue work will be completed as  
far south as Navasota.

Below there, however, is the crest  
which exceeds all previous Brazos  
floods by two or three feet. It has  
been impossible to get all the ne-  
groes to heed warnings and many of  
the white people refused to leave  
their property.

Thousands of head of cattle have  
perished in the flood. The greater  
part of this loss falls upon farmers  
with small land holdings. The loss  
in ginned cotton have been heavy.  
The flood center today extended  
from Marlin, 60 miles to an air line  
above here where the waters were  
seceding enough to begin to count  
the dead, to Richmond, 50 miles  
below Bryan.

It was discovered today that on  
Wednesday, Anderson Stewart, a  
white farmer, his wife and four  
children had drowned when a skiff  
in which they were attempting to  
escape from their flooded home  
near Marlin, capsized. Joe Cooper  
and his son were drowned in front  
of the porch of their home on  
which Mrs. Cooper and the other  
children stood helpless to give aid.  
A dozen other persons near Marlin,  
mostly negroes, were reported miss-  
ing and some of them were known  
to have drowned.

Navasota, about noon, reported  
1000 refugees gathered there from  
the Brazos bottoms below Bryan.  
Deaths about Bryan totaled eight  
to 10 according to this morning's  
report.

Reports from the Colorado river  
which parallels the Brazos river 50  
to 75 miles southwest of here indi-  
cated that the Brazos overflow was  
being duplicated there but on a  
smaller scale. The total loss of life  
in the Colorado river floods so far  
was reported as five.

## DEATH LIST INCREASES.

(Associated Press Telegram)  
Dallas, Tex., Dec. 6.—The known  
death list in Texas floods was in-  
creased to more than 50 today. At  
least 25 of the victims were white  
persons.  
Motorboats from Houston and  
Galveston got into the flooded Brazos  
river bottoms in south-central  
Texas, rapidly removing hundreds  
of exhausted and half-frozen refu-  
gees from trees and houses.  
The crest of both the Brazos and  
the Colorado river floods entered  
the last hundred miles of the rivers'  
respective courses, doing fresh dam-  
age there but on a diminishing  
scale.

## RAIN CONTINUES.

(Associated Press Telegram)  
Kansas City, Dec. 6.—Rain con-  
tinued falling today in many parts  
of Kansas and Missouri, where a  
week of wet weather has swollen  
streams and caused considerable  
damage to farm property. At Fort  
Smith, Kans., a thirty hour down-  
pour has caused a four foot rise in  
the Marmaton river. The Marmaton  
bottoms were flooded at several  
points and farmers were moving  
live stock to higher ground. While  
attempting to ford Timber Creek  
near Floral, Kans., in a wagon last  
night, Archie Lowery, his wife and  
two children were swept down  
stream and one was drowned. Sev-  
eral central Missouri points report  
flooded streams and roads so deep  
in mud the farmers cannot get to  
market.

CRAIG CASE  
ADJOURNED  
TO MONDAY

Murdered Woman's Cousin  
on Witness Stand  
Identifies Kimono

## BLOOD STAINS REMOVED

By Chemical Process State  
Contents—Defense Will  
Ask Court to Instruct the  
Jury to Bring in Acquit-  
tal Verdict.

(Associated Press Telegram)  
Shelbyville, Ind., Dec. 6.—Court ad-  
journed at noon today until Monday  
without the state completing its side  
in the trial of Dr. William B. Craig,  
charged with the murder of Dr. Helen  
Knabe. Miss Augusta Knabe, cousin  
of Dr. Knabe was being questioned on  
direct examination when the state  
asked that the court adjourn until  
Monday. It had been expected the  
state would rest before adjournment  
today.

Miss Knabe wept softly when hand-  
ed a kimono which she identified as  
one she had given Dr. Knabe as a  
Christmas present and which Dr.  
Knabe is said to have worn when  
answering professional calls in her  
apartments late at night. The wit-  
ness said the kimono when she gave  
it to the doctor, was a beautiful navy  
blue with red poppy flowers, but that  
now it looked like a faded rag. She  
said she saw it hanging in a closet in  
Dr. Knabe's flat a short time before  
the tragedy and the next time she  
saw it, it was in the possession of  
Alonso M. Ragsdale, undertaker and  
administrator of the Knabe estate.  
Ragsdale was indicted with Craig as  
an accessory after the fact. The  
state contends that the kimono was  
put through a chemical process to  
remove blood stains.

The defense has announced that as  
soon as the state finishes its case the  
defense would ask that the court in-  
struct the jury to bring in a verdict  
of acquittal on the ground that the  
state has failed to connect Dr. Craig  
with the death of Dr. Knabe. Failing  
of success in this Dr. Craig and his  
daughter Marion will testify.

The state continued today to try to  
offset the suicide theory in connection  
with the woman's death.  
Miss Katherine McPherson, Dr.  
Knabe's office girl, in concluding her  
direct testimony, declared Dr. Knabe  
as right-handed. Witnesses have tes-  
tified for the state that the wound in  
Dr. Knabe's throat started on the  
right side and the state is attempting  
to show that Dr. Knabe could not  
have made the wound herself.

The defense asked a number of  
questions concerning Miss McPherson's  
statements to Indianapolis de-  
tectives and indicated that an effort  
might be made to impeach her testi-  
mony.

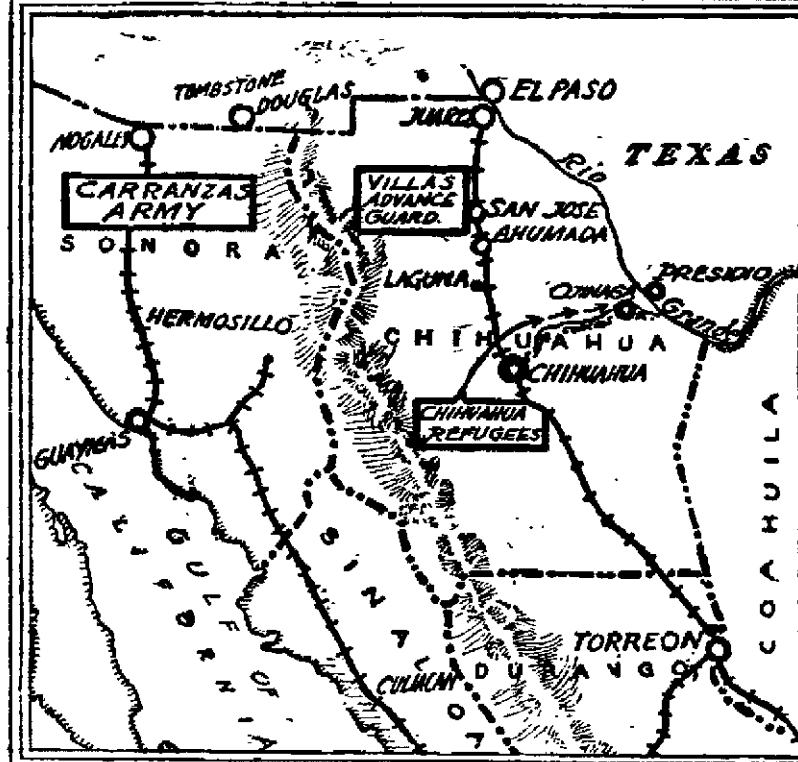

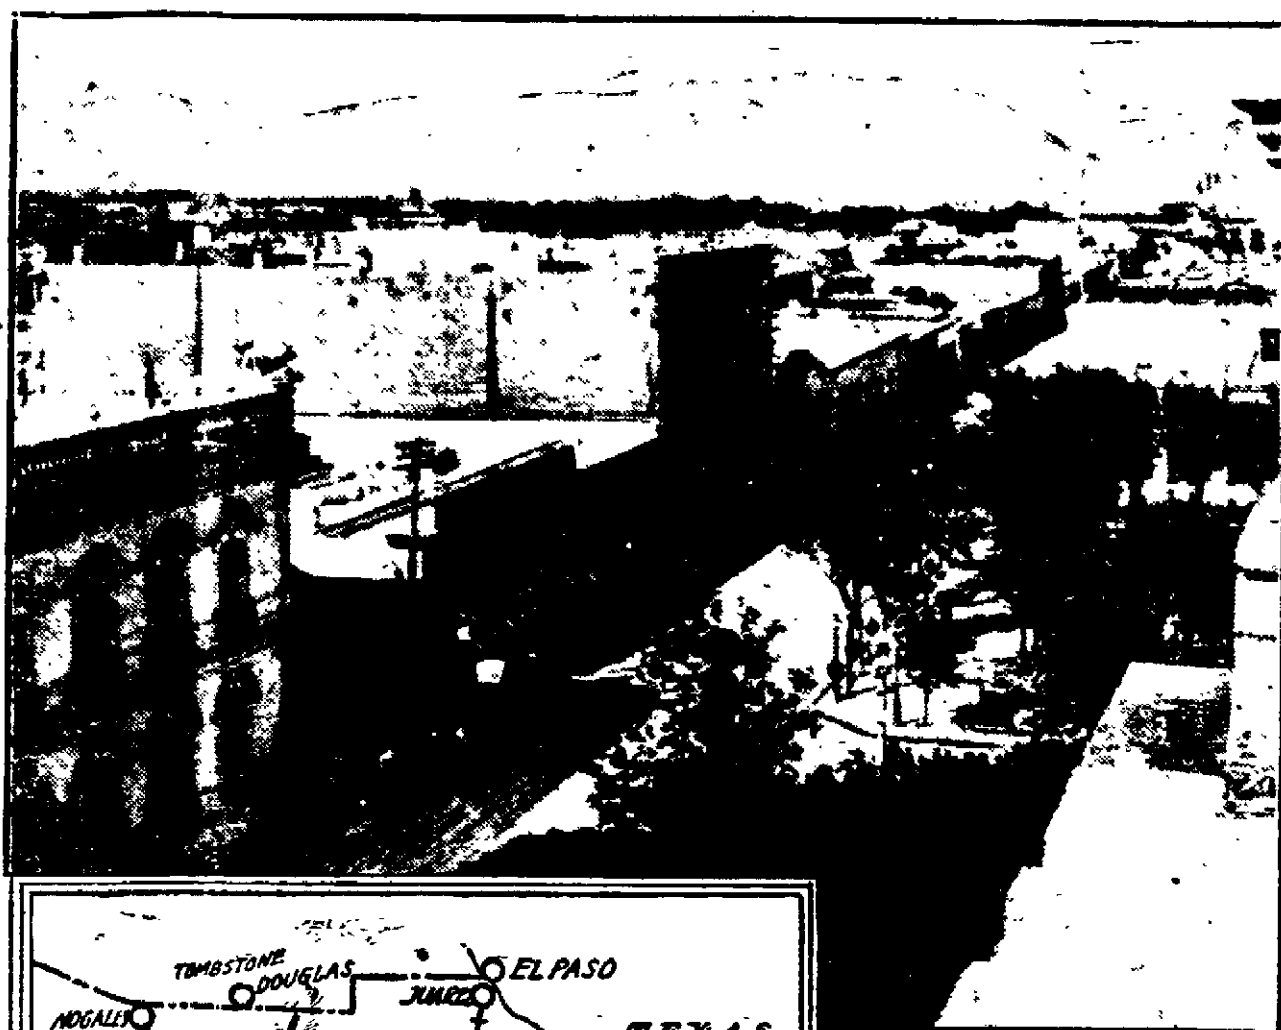

100 KILLED IN  
A COLLISION

(Associated Press Telegram)  
Bucharest, Roumania, Dec. 6.—  
News reached this city early today  
that 100 persons had been killed or  
injured in a collision which oc-  
curred late last night between a pas-  
senger and a freight train near  
Costeti, southwest of Bucharest,  
near the Danube.

THORN REMOVED  
FROM FLESH OF  
ALSACE FOLKS

(Associated Press Telegram)  
Zabern, Dec. 6.—Headed by its  
energetic commander, Colonel Von  
Reuter, the 99th infantry regiment,  
whose officers have caused so much  
trouble between the military and civil  
officials in Alsace, marched out of  
Zabern today on the way to uncom-  
fortable camp quarters. Half of the  
men go to Haguenau, 16 miles to the  
northeast of Strassburg in the forest,  
and the other half to Bitsch, a small  
fortified town at the foot of the  
Vosges mountains in the north of  
Alsace.  
The viceroy of Alsace-Lorraine,  
Count Charles von Wedel, returned  
today from his conference with the  
emperor and the Alsatian papers  
gladly interpret that he received  
from the emperor the necessary  
guarantees that the military will not  
interfere with civic rule in Alsace-  
Lorraine.

Thousands at Work on  
Streets of Denver Today  
With Pick and Shovel

(Associated Press Telegram)  
Denver, Dec. 6.—Cloudless skies  
greeted residents of Denver and sub-  
urbs today as they resumed the task  
of digging their way through 15  
inches of snow. The first efforts  
were to restore a partial street car  
service and resume the delivery of  
coal and food supplies. While thou-  
sands of men worked with pick and  
shovels digging away the mass of  
snow and ice, the police endeavored  
to keep off the streets all vehicles  
except those needed to meet the  
city's immediate needs.  
Railroad traffic still was badly  
tied up, only one train from Chey-  
enne having reached the union  
station. No others were expected to  
be moved, either incoming or out-  
going until late this afternoon.  
Although several persons were  
reported missing no information of  
actual loss of life had been received  
at police headquarters.

THREE DROWN  
BY BREAKING OF  
A WATER MAIN

(Associated Press Telegram)  
Cincinnati, Dec. 6.—One white  
and two negro laborers were drown-  
ed by the bursting of a 30-inch wa-  
ter main at the bottom of a trench  
24 feet deep at the Rookwood ave-  
nue crossing of the Pennsylvania  
railroad near East 19th avenue today.  
The men were employed by a con-  
struction company which is building  
the Rookwood viaduct and were at  
work in the trench when the main  
broke and water gushed down.

REFUGEES IN  
MEXICO CITY

(Associated Press Telegram)  
Mexico City, Dec. 6.—The first  
passenger train that has come direct  
from Monterrey in several months ar-  
rived here today bringing hundreds  
of refugees including a number of  
Americans. The passengers reported  
that the conditions in Monterrey  
were desperate, food was running  
short and the rebels menaced attack  
daily.

MANY TEAMSTERS  
ARE RETURNING  
TO THEIR WORK

(Associated Press Telegram)  
Indianapolis, Ind., Dec. 6.—Three  
hundred union teamsters, who have  
been on strike since last Sunday,  
returned to work today and  
will probably be back to work by  
Monday. Only those drivers whose  
names have been signed by the  
union are permitted to  
work and many of the  
teamsters are expected to  
return to work by Monday.  
The union leaders declare that 200  
teamsters have signed contracts  
agreeing to pay the union scale and  
not to join the anti-union men  
but at the offices of the vehicle  
owners' association it was said none  
of the large employers had agreed  
to the union's demands.  
J. B. Densmore, sent here as a  
representative of the department of  
labor probably will return to Wash-  
ington tomorrow.

IS CHARGED  
WITH BURNING  
RATS ALIVE

(Associated Press Telegram)  
Cleveland, Dec. 6.—Is it cruelty  
to animals to burn rats to death?  
This question will be decided in  
the local courts sometime next week,  
when Stephen Carman will be tried  
on a charge of cruelty to animals  
preferred by H. K. Ferry, officer of  
the Humane society. Ferry caused  
Carman's arrest after he cremated  
five rats he had caught in a cage  
last night.

A local attorney will defend Car-  
man free of charge. He will con-  
tend that it is no more cruel to burn  
a rat than it is to give it rat poison,  
the action of which, he claims, is  
slow and painful.

Carman is at large under \$200  
bail.

"DRYS" VICTORIOUS  
AT STEUBENVILLE

Steubenville, Dec. 6.—Steuben-  
ville voted dry yesterday by 166 ma-  
jority. The vote was 2541 dry to  
2375 wet. The dry victory closes  
50 saloons. Women worked at the  
polls with the dry workers. Two  
years ago the wets carried the city  
by a very large majority and put  
the county in the wet column.  
Mingo Junction voted wet by 12  
majority.

## WILL VOTE MONDAY.

Lapeer, Dec. 6.—Carroll, eight  
miles northwest of this city, will  
vote under the local law Monday.  
The village is allowed one saloon,  
but all applications filed there by  
liquor dealers have been rejected by  
the liquor license commissioners.

PLENTY OF EGGS  
IN BOSTON TOWN

(Associated Press Telegram)  
Boston, Dec. 6.—There were 151,  
200,250 eggs in cold storage in Massa-  
chusetts on October 1, held for use  
as food, according to the report of the  
state board of health, which was  
made public today. Of this number  
37,782,200 had been placed in the  
storage plants within three months  
of the others. Of the whole, an amount  
described as 7,000 pounds was con-  
demned as unfit for food.  
The report says that 19,282,095  
pounds of butter was held in cold  
storage on the same date.

MANY IMMIGRANTS  
WERE ADMITTED

(Associated Press Telegram)  
Washington, Dec. 6.—Twenty who  
entered into the United States 134-  
136 immigrant aliens in October this  
year, according to the immigration  
statistics last issued by the bureau of  
immigration of the department of  
labor. This is an increase of 25,10  
over the same month last year, when  
they were admitted. The number  
admitted here was nearly double  
that of October, 1912, when 68,125 im-  
migrant aliens entered this country.  
Of the number admitted last October  
34,000 males and 34,127 were females.

CONGRESS  
ENDORSES  
REFORMS

For Rural Educational  
System Recommended  
by School Survey  
Commission

## TURBULENT CONFERENCE

Held This Morning, Later  
Addressed by Governor  
Cox Which Apparently  
United Different Forces  
of Convention.

(Associated Press Telegram)  
Columbus, Dec. 6.—All recom-  
mendations of the school survey  
commission for reform of the rural  
educational system in the state were  
endorsed almost unanimously by the  
Ohio Educational Congress just be-  
fore adjournment today. The three  
principal provisions endorsed are  
certification and training of teach-  
ers, township and county super-  
vision.

The recommendations of the sur-  
vey commission will not go to the  
general assembly when it meets in  
January with the announcement  
that for the first time in the history  
of the state educators agree on a  
plan for reform of the rural educa-  
tional system.

The morning session of the educa-  
tional conference was turbulent.  
Many delegates stood in their seats  
and shouted that the program of  
speakers was "fixed" in advance and  
that opposition delegates were not  
being given a fair chance to express  
their views. An address by Gov-  
ernor Cox concluded a minute be-  
fore the vote of endorsement was  
taken, apparently uniting the con-  
vention for its action.

Judge John M. Schwab, Cincin-  
nati, raised a small storm in the  
meeting when he asked how the pro-  
posed reforms can be carried out  
with the limitations of the Smith  
law preventing raising of funds. It  
was to answer his inquiry that Gov-  
ernor Cox spoke, and the governor  
called attention of delegates that  
"the question comes from Cincin-  
nati, Hamilton county, where the  
tax return in 1909 was less than in  
many less wealthy rural counties."  
This allusion created a roar of ap-  
plause from the delegates, most of  
whom came from rural districts.

The threatened split in the con-  
vention did not occur in spite of re-  
ports at last evening's session that  
delegates opposed to provisions of  
the survey commissions recommen-  
dations would meet in another hall  
and take independent action.

Hooting of speakers continued to  
be a favorite occupation of the con-  
vention at today's session. At times  
the convention hall was in such an  
uproar that the chairman, W. J.

THREE ARE HELD  
FOR HIDE THEFT

The theft of two beef hides valued  
at \$16 is the basis of a prosecution  
in Mayor Swartz's court in which  
Charles Seigel, Fred Brill and Harry  
Kissel are charged with the crime.  
Seigel pleaded not guilty and his case  
was continued until Monday at 2  
o'clock. He gave bond in the sum  
of \$300 for his appearance in the  
mayor's court. Grill and Kissel  
were given a hearing and sufficient  
evidence was found to warrant send-  
ing the case to the grand jury. They  
were held under bonds of \$200 each.  
The police allege that the three  
men took beef hides from the slaugh-  
ter house of the C. M. Miller com-  
pany. The affidavits were filed by  
J. W. Miller, and they allege that  
the crime was committed on the  
night of Nov. 23.

WOULD ATTEND  
EXECUTION OF  
SON'S MURDERER

(Associated Press Telegram)  
Buffalo, N. Y., Dec. 6.—Mrs. Frank  
Vernon of Warren, Pa., mother of  
George Gillespie, who was murdered  
last September by Giuseppe Di Gioia,  
wants to attend the execution of Di  
Gioia. In a letter to District Attorney  
Bulley she stated that she intends to  
attend if permission can be secured.  
Di Gioia is now in the death cell in  
Albany prison under sentence to be  
executed during the week of Jan. 4.

SEARCHING FOR  
MISSING PASTOR

(Associated Press Telegram)  
Chicago, Dec. 6.—Chicago friends  
have begun a search for the Rev. An-  
ton Vandermeer, the young pastor of  
the Presbyterian church at Harbor  
Springs, Michigan, who disappeared a  
week ago. The young clergyman left  
his home early one day last week,  
saying he would return in the after-  
noon. Nothing has been heard from  
him since.

EASY WAY TO GET RID OF PIMPLES

Resinol Really Does What Cosmetics Are Supposed To Do.

It is so easy to get rid of pimples and blackheads with Resinol, and it costs so little, too, that anyone whose face is disfigured by these pests is foolish to keep on with useless creams, washes or complicated "beauty treatments." Here's the way to do it:

Wash your face for several minutes with Resinol Soap and hot water, then apply a little Resinol Ointment very gently. Let this stay on ten minutes, and wash off with Resinol Soap and more hot water, flushing with a dash of cold water to close the pores. Do this every morning and evening, and you will be surprised to see how quickly the blemishes disappear. Resinol balances and cleanses every pore, leaving the complexion clear and velvety.

Resinol stops itching instantly and speedsily heals eczema and other skin troubles, dandruff, sore throats and sores. Sold by every druggist, Resinol Ointment, 50 cents and Soap, Resinol Soap, 25 cents. For generous free trial, write to: J. H. Schenck & Son, Philadelphia, Pa.

REMOVE RUBBISH, PREVENT FIRE

Now that the merchants stocks of goods are heaviest, special care should be exercised to avoid loss by fire and in arranging Christmas decorations caution should be observed.

Take care that there shall be no rubbish accumulations in the cellar, old rags, waste paper, cotton waste, scraps and excelsior, that metal receptacles shall be used to hold waste papers, especially in laundries, and that there shall be no smoking unprotected gas jets in the cellar.

Check careless smoking by imposing drastic penalties.

Electric wiring is a source of danger unless it is properly installed.

Explosives many chemicals and fluids are highly combustible cases and should be well guarded against.

LOCAL OFFICE IS PREPARING FOR HOLIDAY RUSH

The employees of the postoffice are making preparations to handle the rush in the parcel post department which is expected to begin within the next few days. Those intending to send gifts by means of parcel post are cautioned to send them early in order to insure delivery on or before Christmas.

All about the lobby of the local office placards have been placed telling patrons to wrap parcels securely, mail them early and address them plainly. It is permissible to mark on packages, the inscription, "Do not open until Christmas," so packages sent early need not be opened until Christmas Day.

BIG EATERS GET KIDNEY TROUBLE

Take a glass of Salts before Breakfast if your Back hurts or Bladder bothers you.

The American men and women must guard constantly against kidney trouble because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid on stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a teaspoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

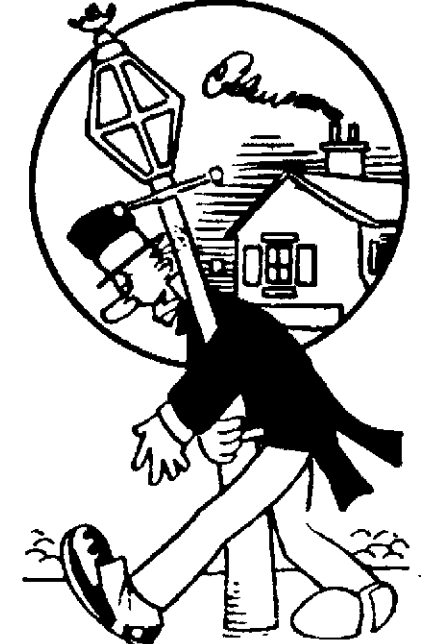

Jad Salts is inexpensive, cannot injure, makes a delightful effervescent fluid-water beverage, and cures in every home, because nobody can make a mistake in having a good kidney flushing any time.

BREAKS A COLD NEEDS NO HELP

"Pape's Cold Compound" ends colds and grippe in four hours—Tastes nice—Acts gently.

You can end gripe and break up a severe cold either in head, chest, body or limbs, by taking a dose of "Pape's Cold Compound" every two hours until three doses are taken. It promptly opens closed-up nostrils and air passages in the head, stops nasty discharges or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blowing and snuffing! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Be sure you get the genuine.

Constipation Poisons You.

If you are constipated, your entire system is poisoned by the waste matter kept in the body—serious results often follow. Use Dr. King's New Life Pills and you will soon get rid of constipation, headache and other troubles. Recommended by Frank D. Hall.

NEWARK AFTER STATE MEETING OF OHIO GRANGE

At a meeting of directors of the Newark Board of Trade Friday night, H. L. Montgomery, manager of the Ohio Light & Power company, T. Fenwick Ewing, attorney, E. E. Wiles, engineer and Fred Woltjen, secretary of the Advance Glass company, were selected as directors, succeeding W. H. Mazey, R. W. Smith, S. F. VanVoorhis and Ned Sherburn, resigned. Mr. Smith resigned from the directorate when elected president of the board recently.

In this meeting a movement was started to make a hot campaign for the 1914 convention of the Ohio State Grange. President R. W. Smith reported the action of the conventions committee, which was approved by the directors. Manager Wakefield and Jesse G. Walters, and probably several others, expect to go to Lima, O., Tuesday, where they will appear before the convention and present their appeal in behalf of Newark. They will be equipped with invitations for the entire 500 delegates and badges labeled "Newark, 1914."

Members A. H. Heiser, A. G. Wreth, E. C. Wright, W. A. Robbins and E. T. Rugg were selected as trustees of the industrial extension fund, on recommendation of Chairman W. C. Metz of the nominating committee having charge of this feature.

Secretary-elect William Wulfoop presented an accounting plan which was approved by the board and ordered put into operation.

The report of the committee on rules and regulations, submitted by C. L. H. Long, was adopted practically as reported.

Chairman E. M. Baugher of the board of directors, presided for the first time and made a brief address which tended to elicit the hearty cooperation of his associated directors and calculated to stimulate enthusiasm in the new organization.

SUFFRAGISTS IN CAMPAIGN OF REVENGE

(ASSOCIATED PRESS TELEGRAM)

London, Dec. 6.—The campaign of revenge for the re-arrest of Mrs. Emmeline Pankhurst was continued by the militant suffragettes today. They had marked for destruction various exhibition buildings and grandstands on the race tracks in Lancashire, where Premier Asquith is spending the week-end and delivering a series of political speeches. Two of the items on the militant program were successfully carried out.

Arson squads burned down exhibition buildings at Liverpool and Manchester. Their third attempt, however, was unsuccessful, the suffragettes being frightened away by the approach of a policeman as they were preparing to set fire to the grandstand on Aintree race course.

**"ARSON SQUAD" CAUSES \$60,000 LOSS.**

(ASSOCIATED PRESS TELEGRAM)

Manchester, Eng., Dec. 6.—The exhibition hall in the southeastern suburban district of Rusholme was burned to the ground today by an "arson squad" of militant suffragettes. The incendiaries left the usual suffrage literature strewn about and a note addressed to Premier Asquith, reading: "This is your welcome to Manchester and Oldham. The loss is over \$60,000."

**BURN EXPOSITION BUILDINGS.**

(ASSOCIATED PRESS TELEGRAM)

Liverpool, Dec. 6.—Militant suffragettes attempted today to destroy the exhibition buildings here which had just been closed for the winter season. The scene railway was discovered in flames early this morning and the firemen had the utmost difficulty in preventing the spread of the fire to the other buildings. In the vicinity were found letters addressed to Premier Asquith and suffrage literature.

"A man and his wife are one," quoted the Wise Guy. "Yes, marriage is a singular thing," added the Simple Mug.

# "CASCARETS" FIX SOUR STOMACHS

Gently move acid, gases and clogged up waste from stomach, liver and bowels while you sleep.

Get a 10-cent box now.

That awful soreness, belching of acid and foul gases; that pain in the pit of the stomach; the heartburn, nervousness, nausea, bloating after eating, dizziness, and sick headache, means a disordered stomach, which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets; they immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poisons from the bowels. Then your stomach trouble is ended. A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

**FRATERNAL ORDER OF EAGLES.**

Licking aerle No. 387 met in regular session Tuesday evening with a very large attendance of members. The annual election of officers was held, resulting as follows:

Past Worthy President—Charles A. Duerr.

Worthy President—Louis Rehbeck.

Worthy Vice President—James Fitzsimmons.

Chaplain—J. S. Stone.

Conductor—Warden Pugh.

Secretary—Matt. Kneuper.

Treasurer—Leo Benacene.

Physician—Dr. C. F. Legge.

Trustees—Frank Rogers, Henry Loewendick and Fred Boyer.

Inside Guard—J. J. Tyrer.

Outside Guard—A. F. C. Anthes.

I. O. O. F.

Newark lodge No. 623, met in regular session Monday evening, Dec. 1. The attendance was good and a deep interest was shown in the work of the order. Election of officers, the initiatory degree and a rabbit supper extended the session to a late hour. All enjoyed the evening, and sessions of this kind may be looked for any evening.

Canton Olive No. 90 will meet in regular session Dec. 12. This is the night of inspection of the Cantons of the First Regiment which will take place at Newark. Let every Chevalier be present in full dress.

Olive Branch lodge met in regular session Tuesday evening, with the largest attendance of visitors and members for some months. The mysteries of the first degree were conferred on three candidates. It was election night for Grand lodge and subordinate officers and the following officers were elected for the ensuing year:

N. G.—Louis Stargel.

V. G.—Elmer Carico.

Rec. Sec.—B. W. Weakly.

Fin. Sec.—Geo. A. Weakly.

Treasurer—W. F. Smith.

Trustee—Roll E. Snyder.

Light refreshments were served.

**HAYMAKERS.**

Minnewa Haymakers' association No. 525, met in regular session on Friday night. The dance committee reported that the committee had secured Schuller hall for Dec. 24 for the first annual Haymakers' dance. The following officers were elected:

Past Chief Haymaker—John E. Oberfield.

Chief Haymaker—John F. Houck.

Assistant Chief Haymaker—James P. Jones.

Overseer—Fred P. Baker.

Collector of Straws—E. C. Richardson.

Keeper of Bundles—W. A. Tanner.

Trustee—C. Redman.

Captain of Team—S. B. Chaffee.

The above officers will be installed at the first regular session in January, 1914. On Tuesday night, Dec. 16, the regular session will be held and the full ceremony will be conferred. Captain Chaffee is busy with the selection of his team to confer the ceremony when the state Haymakers' association meets in Newark in March. On this night a big Haymakers' parade will be held and the famous Haymakers' band will lead the parade.

**MODERN WOODMEN.**

Cedar camp No. 4727, met in regular session on Monday night. Two candidates were found in waiting. The following officers were elected:

Past Consul—A. S. Mitchell.

Consul—W. B. Howell.

Adviser—G. W. Barcus.

Clerk—E. C. Richardson.

Banker—H. O. Crawford.

Escort—B. F. Buckwalter.

Watchman—F. W. Maranville.

Sentry—J. H. Haines.

Trustee—O. G. Yost.

The above officers will be installed Jan. 7, 1914. It was voted to change the regular meeting from Monday night to Wednesday night after Jan. 1. A visiting neighbor from Washington C. H., Ohio, was present. A letter was received from District Deputy M. M. Redding and he offered to any member of Cedar camp who secures the adoption of two beneficial members between now and June 1, that he will give a round trip ticket from Columbus to Toledo to the Head camp which meets in June, 1914. He also offered to the member who secures the adoption of six beneficial members between the above dates the railway fare to Toledo and \$10 for expenses. To come under this proposition the new member must be adopted and his certificate delivered on or before June 1st. At the next regular meeting of the camp, there will be candidates to be adopted.

**K. O. T. M.**

Octagon tent will meet in regular session Thursday evening, Dec. 11, for annual election of officers. There will also be degree work. New applications are coming in at every session.

**KNIGHTS OF PYTHIAS.**

Expectations were fully realized at the last meeting of Roland lodge No. 365, nearly one hundred of the brethren turning out. Five applications were presented and three others were balloted upon and elected. The work of the various divisions in the campaign contest is surely bearing fruit. Get in line for that turkey supper. The semi-annual election of officers resulted as follows:

C. O.—J. S. Loughman.

V. O.—Chas. Wagenheim.

Prelate—A. L. Cooley.

K. R. and S.—Jas. McGough.

M. of F.—C. E. Root.

M. of E.—J. H. Long.

Best of Marietta, will be present for the inspection of our tent. Let no member miss this very important meeting.

# Y. M. C. A. NOTES

The five members who represented the local association at the State Boys' Conference at Fostoria returned Monday. They bring an enthusiastic report of the conference. They will be called upon to make a regular report at a banquet to be held soon for the older boy membership.

Plans are being made for an open house on New Year's day. An effort will be made to secure the attendance of working boys. All privileges will be free to visitors. Music will be furnished and special exercises in the gym will be carried out.

The two shop meetings were well attended this week. C. G. Hazlett spoke at the B. and O. shops on Wednesday and F. E. Holloway spoke at Halsey's on Thursday. Miss Mina Fletcher, Mrs. J. C. Bonshire and Miss Bonshire assisted with the music. The attendance at the two meetings was more than 100.

Fred Glenn who has been with the association since July, left Tuesday for Zanesville where he took up work in the physical department of the newly organized Y. M. C. A. at that place. A group of men recently organized an association there in the rooms formerly occupied by the Elks.

The Junior Boys' Bible class met for their usual supper and lesson on Tuesday evening. They elected officers and made plans for the permanent work of the class throughout the winter. There were 16 members present.

The Junior Boys' Bible class met for Taylor hall Thursday evening. There were about 50 members present. Much interest was shown in the new rules for its government which were presented by Prof. H. J. Dickerson who has charge of the organization.

Association members and friends of the association should remember the lunch counter, which is open from 11 a. m. to 1:30 p. m. and from 4:30 p. m. to 7 p. m. The home cooking is the very best.

The regular meeting of the board of directors will be held at 7:30 o'clock Thursday evening, Dec. 11.

W. E. Rosengarten, a member of the Washington, D. C. Association, spent four days in the building this week. Mr. Rosengarten is a graduate of the University of Pennsylvania and is now doing special research work in the Department of Agriculture, under the government roads division. He was an honor man in the university.

Carl Hafertefen of Toledo has engaged Room No. 16 for a few weeks. He is engaged in placing machinery at the American Bottle Company's plant. This makes the third Toledo man who has lived in the dormitory within the past few months.

Four new members have been added to the night class in English for foreign men. These young men are anxious to prepare themselves for American citizenship. The association is able to give them valuable help.

Red Cross stamps are on sale at the association office. Anyone wishing them for Christmas packages can secure them at the building.

# The 1914 Studebakers

ARE HERE

"SIX"

"FOUR"

ELECTRICALLY LIGHTED - ELECTRICAL- \$1575  
LY STARTED 7-PASSENGER

THE STUDEBAKER "FOUR" TOURING \$1050  
CAR 5-PASSENGER

**THE ONE QUESTION SETTLED.**

There never has been any real question as to the superior smoothness of the "Six."

The real question was whether you could afford to pay for that superior smoothness—from \$2,000 to \$5,000.

The need of such an expenditure is forever eliminated by this Studebaker "Six."

**FOR THE SAKE OF ARGUMENT.**

Assume for a moment that you do doubt the superior smoothness of this "Six."

A single ride in the car will settle that.

Just so will a mere study of the "SIX" principle itself.

What you pay money for in a motor car is power impulses.

And what you want most is to get them as close together as possible.

**WHAT HAPPENS IN A SIX.**

The continuous cycle, or unbroken circle of power, generated by six cylinders is what makes the unsurpassable smoothness of the Studebaker "Six."

Power is not continuous with less than six cylinders; and the fewer the cylinders, the greater the lapse between power impulses.

There's a halt between the explosions, which drive the pistons, which turn the crankshaft.

One impulse does not merge into another to create continuity.

That's why a single cylinder lunks and chugs.

As the cylinders increase in number, these halts or lapses lessen and finally become almost imperceptible.

But they are still there until the six cylinders form an uninterrupted flow of power.

**WHEN YOU SEE THE DIFFERENCE.**

You see the difference the moment this "Six" starts.

You may never have experienced the charm of a "Six" before.

But you'll never forget it.

You may not have felt the lapse in power impulses in other cars.

But you know the difference now.

You know that this car rides as no car having fewer cylinders can ride.

**A MANUFACTURED "SIX."**

Here, for the first time, you are able to get manufactured qualities in a "Six" at the price we place on this splendid new Studebaker "Six."

The Studebaker "Six" is manufactured throughout in the Studebaker factories.

We build its motor, from the raw iron and steel materials to the finished product.

We build its full-floating rear axle; we forge, cut and machine the axle gears.

We select and test and approve the rough stock, and cut and machine the transmission gears.

We use Timken bearings throughout the rear axle and transmission, and in the front wheels, for quiet, easy running.

**ECONOMICAL OF FUEL AND TIRES.**

In fuel consumption the "Six" will surpass the economy of any car of equal horsepower.

It is economical because, in spite of its 121-inch wheelbase it is light; yet it is wonderfully strong.

It is generously roomy and richly upholstered, and carries its seven passengers in utmost comfort.

In beauty of design, and grace of line, we believe no other car excels the "Six."

The starting and lighting system is the Wagner two-unit, starting motor and generator separate.

Lamps are Gray & Davis' highest quality, parabolic type.

The equipment throughout is complete and satisfying.

Send for descriptive literature.

The Studebaker "FOUR" Touring Car is an electrically lighted and started five-passenger automobile. The \$1050 price alone, however, does not begin to indicate the car's real value, for its mechanical qualities are quite as satisfying as the price.

From motor to rear axle the mechanical design, materials and construction of the Studebaker "FOUR" can be properly compared only with the same features in cars of much higher price. It is a trustworthy, service-giving car.

The "FOUR" motor is especially powerful, so that the car responds instantly to acceleration. For the same reason, and because of its light weight in proportion to its power, the "FOUR" is a very unusual hill climber. The long stroke motor is efficient at all speeds, silent, vibrationless and very economical in gasoline and oil consumption.

The rear axle is of the full-floating type, with all parts completely accessible. There are nine Timken bearings in the transmission and drive unit, and two Timken bearings in the hub of each front wheel.

In appearance the new Studebaker "FOUR" fills the eye. It is a big, handsome car, with plenty of room for five passengers. The seats are deeply upholstered; the paint and finish exceedingly handsome and durable.

The excellent balance of the car, due to the proper distribution of its weight, and also to its splendid spring action, give it great "roadability."

And best of all, the "FOUR" is equipped with a long tested and exceedingly efficient electric system. A push of your heel starts the motor; a touch of a button lights the lights. Center control and left hand drive add to the owner's convenience.

The equipment, as in all Studebaker cars, is thorough. The rims are demountable and detachable, with an extra rim carried on tire irons in the rear. Studebaker Jiffy curtains are provided, which can be quickly put in place from inside the car. The furnishings include robe rail, tool box, tools, electric horn, etc.

From every standpoint—comfort, durability, economy, appearance, efficiency—the Studebaker "FOUR" is a car to be sought for and purchased, because in its field it has no equal.

A full line of accessories will be carried in stock, also we have in our employ first-class mechanics from the Studebaker factory, who will give you first-class service on Studebaker cars.

## False Articles About Rural School Reforms

Misled by published false articles about the rural school reforms in a number of the radical partisan papers of the state, which were written in a Columbus fabrication foundry masquerading as a Republican press bureau, 150 school superintendents at the regular session of the Western Ohio Superintendents' Round Table at first were inclined to doubt the advisability of adopting the suggestion of the School Survey Commission.

After they had read a correct statement of the commission's suggestions and listened to explanations the plan proposed was pronounced an ideal one, for the rehabilitation of the rural schools and a resolution endorsing it was adopted by a unanimous vote. That resolution reads: "Be it resolved that the Western Ohio Superintendents' Round Table hereby approve the plan proposed by Dr. Horace L. Brittain, director of the State School Survey, for the supervision of the village and rural schools of the state and earnestly request the general assembly of Ohio at the coming special session to enact it into law."

The accumulated balance in the state treasury was deposited by State Treasurer Brennan the last 12 months in various state banks and building and loan associations at the highest rate of interest ever received. The increment amounting to more than \$230,000 is sufficient to pay the salaries of all state officials who will be elected on the next state ticket, together with the salaries of all their employees.

Under Republican regimes it was stoutly maintained that this treasury balance earned no interest and, at the same time, the interest went into the treasuries of favored banks and the pocketbooks of crooked state officials, who falsely asserted everything was straight in the treasury department. No wonder they went back again.

Gov. Cole Blease of South Carolina pardoned 1000 convicts Thanksgiving, but he has not yet offered any reward to criminals for breaking the law.

There having been only 14 deaths from football this year, some means will have to be devised to stop the feminization of the game.

Mrs. Pankhurst made \$20,000 on her American tour. This will provide some lovely set pieces of fireworks.

## Uncle Walt

Temnyson.

He wrote his "Idylls of the King," wrote drama brave, majestic dirge; he tried to soar on mighty wing, and make a large eternal spurge.

When he's been dead a hundred years, his lofty flights will seem in vain, while people quote "Tears, Idle Tears," and others of that simple strain. Softly they quote the tender hymn he made when bound for shores afar; his world tired eyes serene but dim, he sang, "When I Have Crossed the Bar."

A few brief years have flown, and look, since Alfred went to join the just, and even now his heavy boots neglected are and strewn with dust. Who reads his "Idylls of the King," of armored knights and ladies "coward"? We read the songs he used to sing to rest himself, in idle hours. We had so much of "noble flights," since Homer made his bug-house scroll, we cry, "God bless the bard who wrote the simple lays that soothe the soul!" And Temnyson we bless again—not for his stilted, labored themes, but for the trifles from his pen—the weary poet's twilight dreams!

## EGG BOYCOTT AT WASHINGTON WAS SUCCESSFUL

(ASSOCIATED PRESS TELEGRAM)  
Washington, Dec. 6.—Having obtained the special support of Mrs. Thomas R. Marshall, wife of the vice-president, Mrs. Robert M. La Follette, Mrs. Albert B. Cummins, the wives of nearly all the cabinet officers and those of many senators and representatives, the egg boycott campaign will be brought to a close here today by local club women. The only other work that now remains to be done is the final round up for signatures to the petition that will be presented to congress at an early date asking remedial legislation to prevent food monopolies.

This petition which Mrs. Ellis Loran, head of the movement here, declares will bear more than 25,000 names will be completed on Monday and will then be ready for presentation to congress along with similar petitions from Philadelphia, Chicago, Pittsburg, Kansas City and other large cities.

During the last week egg prices in Washington have decreased from 30 cents a dozen to 50 cents, the price they were quoted yesterday for the first time since the egg boycott began here. Dealers declare the drop in price, while coincident with, is not due to the boycott, but to the increased supply and a lighter demand. They express the opinion that prices will be still lower before the advent of the Christmas holidays.

## MAY SUBSTITUTE OIL FOR COAL ON U. S. BATTLESHIPS

(ASSOCIATED PRESS TELEGRAM)  
Washington, Dec. 5.—Early abandonment of coal as fuel for the battleships of the American navy and the substitution of oil is fore-shadowed in the annual report of Rear Admiral R. S. Griffin, chief of the bureau of steam engineering, made public today. He declared that the construction of oil engines for the Maumee at the New York navy yard and the elimination of coal from the designs of new battleships and destroyers are steps in this direction.

In order to meet the future needs of the navy for fuel oil, Admiral Griffin recommends that the navy department immediately should undertake the production and refining of its own oil. He points out that the sale of by-products in the form of gasoline and illuminating oils will go far toward covering the expense of production and at the same time furnish the ships with suitable fuel at a cost considerably below the present price.

## LADIES! DARKEN YOUR GRAY HAIR

Look years younger! Use Grandmother's recipe of Sage Tea and Sulphur and nobody will know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used to keep her hair beautiful, dark, glossy and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking a drug store for a 5-cent bottle of "Wells' Sage and Sulphur Hair Tonic," you will get this famous mixture which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair.

A well-known downtown druggist says: "It darkens the hair so naturally and so quickly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark, glossy, soft and abundant. Agents Hall's drug store.

## QUICKLY STOPS WORST BACKACHE

Makes Kidney, Bladder Disorders and Rheumatic Pains Vanish.

If you suffer with backaching kidney trouble; have disagreeable bladder and urinary disorders, or are tormented with rheumatism, stiff joints and heart-wrenching pains, you will be surprised how quickly and surely Croxone will relieve all such misery.

It seeps right in through the walls, membranes and linings, cleans out and strengthens the stopped up organs, neutralizes, dissolves, and makes the kidneys sift out and filter away the uric acid and poisons from the blood, and leaves the kidney and urinary organs, clean, strong, active and healthy.

It matters not how long you have suffered; how old you are, or what you have tried. It is practically impossible to take Croxone without results, for it starts to work the minute you take it.

If you suffer with pains in the back or sides; if you are nervous, tired and run down; bothered with urinary disorders, or have any signs of kidney, bladder troubles or rheumatism, don't spend another needless day suffering.

Secure an original package of Croxone today, and prove for yourself right now, as thousands of others have done, just how quickly it will end your misery.

Croxone is inexpensive, and every druggist is authorized to return the purchase price if it fails in a single case.

## CHRISTMAS BASKETS OF SALVATION ARMY

Christmas baskets are not a new thing for the Salvation Army, but an annual affair. In this organization, this year will see thousands upon thousands of laden Christmas baskets of Christmas cheer, distributed over the entire land and each contributor will feel glad that his or her mite aided in the general good.

The prodigal son, the only support of a widowed mother, wandered from the path and became a disgrace. He stepped into the Salvation Army hall, on Christmas Day, imploring for something to eat. He was cared for and the first visit meant many others. He returned to his mother and today is an ardent follower of Christ.

Such is the testimony of thousands today, who bless the day they saw a Christmas dinner at the Salvation Army Hall.

Adjutant and Mrs. Watkins of this great organization, who are in charge of the work intend this Christmas to leave no stone unturned until they see their way clear to give 1000 free Christmas dinners to the poor people of the city.

The aiding of the organization in supplying the Christmas basket may mean a sacrifice on the part of some, but what time is a better time, than the Christmas tide for unselfish sacrifice, so all are solicited to help in this great work.

Adjutant Watkins asks contributors to beware of those who solicit under the name of the Army, for no one will be authorized to solicit funds, unless they have a stamp sealed book or card with the name of the adjutant in the same.

## Stomach Troubles Disappear.

Stomach, liver and kidney troubles, weak nerves, lame back and female ills disappear when Electric Bitters are used. Thousands of women would not be without a bottle in their home. Eliza Pool of Dewey, Okla., writes: "Electric Bitters raised me from a bed of sickness and suffering and has done me a world of good. I wish every suffering woman could use this excellent remedy and find out, as I did, just how good it is." As it has helped thousands of others, it surely will do the same for you. Every bottle guaranteed. 50c and \$1.00. Recommended by Frank D. Hall.

## PLEASANT MEETING OF OLD FRIENDS

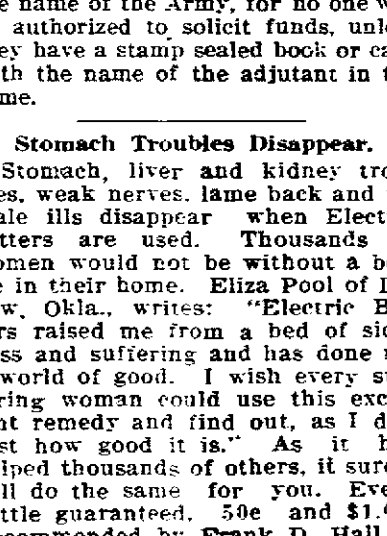

In a chance reunion at the Virginia hotel in Columbus Thursday night, after the close of the theatres, several prominent lights of minstrelsy, a number of whom are known to Newark people, exchanged old-time reminiscences across the banquet board. It was a real scene of the boys of the boards. Included in the gathering was Charley Gano, the inimitable comedian, so often seen in Newark as a star of minstrelsy, and Harvey Moore, formerly of the Orpheum theatre here. Gano is now managing the new Gus Sun Minstrels, now playing at the Broadway theatre, Columbus.

William Church, "Jimmy" H. Stuart, Harry Schunk, Lew Briggs and "Bill" Hare, of Upper Sandusky, O., all minstrel "boys," were there, too. Eugene Schlegel, C. O. Burke and Harry Hale of Newark were present, and enjoyed the informal program of song and story which followed the feast.

## —AND THE WORST IS YET TO COME

## Human Procession

In considering the men and influences that operated to make him President of the United States, Dr. Woodrow Wilson must thank his lucky stars that a certain interesting event occurred in Arkansas thirty-eight years ago today, December 6, 1875. Had that event not eventuated, "Procy" Wilson might still be the occupant of the White House, but he must be glad that he didn't have to take such a chance. The event, seemingly unimportant at the time, was the visit of a stork to the McCombs family, residing in the little village of Hamburg, in Ashley county, Arkansas, near the Louisiana border. The bird of joy left a boy, who was christened William F., and who was destined to achieve greatness as the chairman and general manager of the Democratic national campaign committee, in the year which witnessed the election of Woodrow Wilson to the Presidency and the institution of a Democratic Congress.

In his youth "Bill" or "Mac", as he was called, attended a typical Arkansas rural school, and took part in the bucolic sports and pastimes incident thereto. He was an ambitious lad and determined to go to college. It was fortunate for himself and for Dr. Wilson that he chose Princeton as his alma mater. He graduated from Princeton in 1898, studied law at Harvard, and began the practice of law in New York a dozen years ago. At first he was merely a clerk and "leg-man" for a big law firm, but within a couple of years he hung out his own shingle and soon built up a paying practice. His only political experience, prior to the last presidential campaign, was gained in running for assemblyman. He was defeated, but ran ahead of his ticket.

Mr. McCombs was a Wilson man from the time when Princeton's "trex" first began to manifest an interest in practical politics. When he began booming Wilson for the White House, other Democrats laughed at him, declaring that there wasn't any precedent for nominating a college professor for such a high office. It simply wasn't being done, said the objectors, and considered it settled. Mr. McCombs kept right on the job, however, and soon rallied other Princeton graduates to his aid. And now see what has happened.

The chairman of the Democratic national committee has long been considered a confirmed bachelor, but the little god captured him at last, and in November he married Miss Dorothy Williams of Washington, in London. President Wilson was not lacking in appreciation, and offered Mr. McCombs the post of ambassador to France, but it was refused.

## A FOND MOTHER WRITES: "I CANNOT PRAISE PERUNA ENOUGH."

A NEGLECTED COUGH—TRIED MANY REMEDIES.  
Mrs. Amber Norris, R. R. 1, Ashley, Ohio, writes: "I will endeavor to write you a few lines in regard to your good medicine, Peruna. I am proud to say that I am positive Peruna cured our little boy, aged two years, of a cough which started with him all winter. Tried all kinds of medicine, without relief. We got a bottle of Peruna and he ceased coughing immediately."  
"I cannot praise it enough, and I will advise every mother to keep Peruna at hand for children or adults, for I believe it will cure a good many diseases where doctor's medicine fails."

## ECONOMY

By the Ad. Writer of the Buckeye State Building and Loan Company, Rankin Building, 22 West Gay Street, Columbus, Ohio.

Sixth. Economy is closely related to diligence. As a rule the diligent person succeeds. King Solomon said, "He that is diligent in his business shall stand before kings." Many diligent Columbus people stand before the savings window of our company and deposit their money and set four and five per cent interest thereon. Assets \$6,800,000. Write or call for booklets.

Every man has his price, which must be why a man feels so cheap when he realizes he has been sold.

The more some people have the more they want, which may explain the secret of borrowing trouble.

## TWAS THE NIGHT BEFORE XMAS.

Revised Version in December Ladies Home Journal.  
By ALICE JAYNES.

'Twas the night before Christmas, when all in the shop,  
Not a salesgirl nor wrapper but thought she would drop  
The cash children rushed with the money with care,  
With wax faces strained, hither, thither they fled,  
While visions of reprimands flashed through each head.  
At an hour when rich children were tied in nightcaps,  
And settling themselves for their long winter naps,  
From tables and counters arose such a clatter  
Some terrible tragedy must be the matter;  
The lights from the shining bulbs, white in their glow,  
Gave lustre of midday to objects below.  
A salesgirl was selling small gifts. Like a flash  
She tore open boxes and counted out cash.  
When what to my wondering ears should resound,  
But a shrill abuse you could hear aisles around,  
From a woman, well gowned, who came just to kick,  
I knew in a minute she was "the Old Nick."  
She was dressed all in fur from her feet to her head,  
And a comfortable feeling of offense shed.  
More rapid than "reindeer," reproaches they came,  
As she scolded and called the poor girl a harsh name.  
"How stupid! You vixen! Don't dare answer back!  
I'll report you at once for being so slack.  
My gifts never came. Now where can they be?  
How such things can happen I really can't see!"  
And giving a nod, up the store aisle she sailed,  
Full of wrath that her own "Merry Christmas" had failed.  
The salesgirl so pale went straight to her work,  
For dozens of buyers forbade her to shirk.  
Hours and hours played the drama, long after she'd gone,  
Delivery boys, women, cash girls struggled on.  
In hundreds of stores, in many a city,  
This spells "Merry Christmas." Oh! good people, pity!

## IN HOLIDAY SPIRIT

By BARBARA BOYD

**A Barmecide Feast**  
If you want to create a lot of fun, and for a little while some consternation, give a Barmecide Feast.  
The probability is that many of your guests when they receive the invitation will not know the meaning of the term. And even if they look it up in the dictionary, they will not be much enlightened as to what sort of entertainment you really intend to furnish.  
It might be well to take one or two of your friends into the secret, in order to help you carry the thing through. For unless you have a lot of bluff and can pretend successfully, you may not be able to keep up the deception.  
The table should be handsomely set, the more elaborately the better. In fact, in the matter of silver, and china and decorative effects, it should be overdone if possible. It should suggest that a wonderfully sumptuous repast awaits the diners. But there should be no food on the table whatever. Instead of the usual relishes and bon-bons, have silver pieces or pretty side dishes or flowers, even artificial ones if necessary.  
After the guests are seated, the hostess announces that the first course will be pot-lock soup. And she then begins an animated discussion on the subject of luck, and asks her guests if they believe in luck, tells some hard luck tales of her own, and draws stories from her guests. It is here that she may need one or two of her friends to be in the secret that they may help her out. For she should never let the conversation flag for a minute. But she should make no move whatever to serve soup from the covered soup tureen in front of her.  
After she has kept this up a sufficient time, she loudly rings a bell, and a maid comes in and solemnly removes the soup tureen and the soup plates which have been undisturbed.  
The hostess then announces the next course and goes through the same performance again. She can announce the course of a dinner or luncheon in their usual order, or she can state that in a meal of this sort, the usual order of serving is not followed; and she can jump to any course she wishes. But after announcing what is to be served, she immediately starts a discussion in regard to it; so for instance with the vegetables, she asks, "Do you believe in serving wild oats or tame?"  
When she thinks the joke has been carried far enough, she rings for the real service; and of course serves as dainty and appetizing a meal as possible. In fact, after what has gone before, she should make extra efforts to have an unusually enjoyable repast.  
When the real dishes appear and the guests catch on to what has been done, hilarity reigns supreme. And the consternation in the faces in the beginning, as the dishes are carried out before any one has eaten anything, and the efforts of the guests to be unflinchingly polite, and not to appear to notice that anything is out of the way, in the face of such unexpected and unaccustomed treatment, is screamingly funny.

## Granville

Granville, Dec. 6.—A number of Granville ladies were honored with a dinner today given by Miss Edith White of Newark. Mrs. A. N. Nichols, Mrs. David Owen, Mrs. Annabel Owen, Mrs. W. J. Pond, Miss Mayme and Miss Martha Geach were present.

The Musical Course which was promoted for this winter and spring by the musical societies of Denison, is now an assured fact. Over three hundred have pledged themselves to purchase tickets which will be sufficient number to defray expenses. However the symphony concert cannot be held unless five hundred tickets are sold. In case the sale reaches five hundred by the first of January the symphony concert will be engaged and schedule carried out in full. But in case five hundred are not secured the symphony concert will be dropped. Everyone is urged to take advantage of the opportunity to hear some excellent music and engage their tickets now. The symphony concert would be a great thing for Granville and every effort is being made to sell the required number of tickets.

The local Y. M. C. A. and Y. W. C. A. have chosen four delegates to represent them at the world-wide convention of the Christian Associations which will be held in Kansas City during the Christmas holidays. The representatives are A. C. Wickenden, J. W. Galford, Miss Harriett Haggard, and Miss Helen Walcott. Prof. T. S. Johnson was chosen faculty delegate. The party will Granville shortly after Christmas for Kansas City.

Mrs. Howard Howe was in Newark Friday.

Stuart Lapp of Denison has been pledged by the Beta Theta Pi fraternity.

The Sigma Chi fraternity entertained a number of Shepardson college girls with an 8 o'clock breakfast this morning. The repast was very select and everyone enjoyed the event thoroughly.

A meeting was held by the Ladies Missionary club of the Baptist church Friday afternoon in the church parlors. The meeting was a purely business affair and was presided over by Mrs. W. H. Johnson.

The Kappa Phi sorority is entertaining the girls of the town and college with an "at home" this evening. The annual football banquet will be tendered to the Denison football team this evening by the students. The affair will be held in Shepardson dining hall at 7 o'clock. After the banquet proper, speeches will be made by a number of the faculty and the team.

## Obituary

**LESTER WELSH.**  
Lester Welsh, aged five, son of Mr. and Mrs. Frank W. Welsh of Granville, died Friday night at ten o'clock after a three days illness with membranous croup. The funeral occurred Saturday afternoon at 2 o'clock. Rev. A. J. Hawk, pastor of the M. E. church officiating. Interment was made in Maple Grove cemetery.

**Harvey F. Smith.**  
Harvey F. Smith was born April 14, 1859, died Oct. 26, 1913, aged fifty-four years, six months and twelve days. He is survived by a wife, Laura A., and two sons, Edward A., and Merrill E. Smith. Also a daughter, Mrs. Elizabeth Jones by a former marriage, and three brothers, Lionel, James A. and Joseph R. Smith, and a host of relatives and friends who will keenly feel his death. Mr. Smith was a very kind and affectionate husband and father. His sole aim in life seemed to be the welfare of his family. He was an honored member of Hanover lodge I. O. O. F., also a member of Cedar Camp of Woodmen of Newark.

Funeral conducted by Rev. Charles Laughlin of East Main Street M. E. church.

**Card of Thanks.**  
We desire to thank our friends and neighbors for their kindness at the time of the death of our beloved husband and father, also Criss Bros. for their kindness. Rev. Laughlin for his comforting words, the I. O. O. F. and M. W. A. and other friends for the beautiful floral offerings.  
Mrs. Laura Smith and Sons.

**Card of Thanks.**  
We desire to express our sincere and heartfelt thanks for the kindness and sympathy extended to us during our sad bereavement in the loss of our dearly beloved daughter and sister, Mary I. Bland. Especially do we thank the relatives and friends for the many beautiful floral offerings, also the pallbearers, singers and Rev. Schmitt for his consoling words. Mr. and Mrs. E. M. Barrett and family.

**LADIES:—**  
**LET ME TELL MY STORY**

**IT IS SHORT.** It's just to let you know WHY and HOW you can save money by having your Winter Suit TAILORED TO YOUR MEASURE. Ladies who once wear my hand-tailored garments never go back to the "ready-to-wear" habit. I pay three times as much for my linings and trimmings as the "ready-made" stores, and put workmanship and skill into the shaping of the clothes that make a pretty figure and guarantee lasting satisfaction. The famous actress, Marie George, says that the woman who fails to have her suits tailored to measure, sacrifices half her natural charms. Come in and see us some time soon and look over our handsome line.

### Orpheum.

Clear, wholesome fun together with real talent abounds at the Orpheum for the last three days of this week.

Harry Hill magician and card specialist is very good.

Arthur Borella The Musical General is a clever comedian and plays the cornet, violin very well.

Tony Johnson's unequalled Kanne Komediens are proving to be one of the features of the bill. There are plenty of educated dogs in vaudeville, but the unequalled Kanne Komediens are in a class by themselves.

The Farnella Trio, the last feature of the bill are entertainers of ability. Their turn consists of operatic and popular singing and instrumental numbers.

### Musical Comedy Coming.

The Mark Lea Musical Comedy company, one of the recognized extravaganzas companies, now traveling will appear at the Auditorium all week commencing Monday matinee, headed by a famous comedian, together with a capable cast of active performers, an evening's entertainment of more than ordinary merit is given for the chorus of beautiful girls all of whom sing and possess good talent. Twenty-five of the latest and catchiest musical numbers of the season will be heard, besides the many features seldom found in an attraction of this kind. The management can cheerfully recommend this show, as he has been receiving reports from several cities before bringing it here. Seats now selling.

### "Everywoman."

The dramatic spectacle, "Everywoman," in many ways the most talked-about play of recent years, is to be offered by Henry W. Savage at the Auditorium, Wednesday and Thursday, December 17 and 18, with matinee Thursday. This unique production which has made an extraordinary success in England in addition to its American triumph, has been witnessed by three millions of people during the three years which have elapsed since its first performance and it is now being played in half a dozen foreign countries. "Everywoman" is a sort of non-descript in the matter of classifica-

tion. It partakes of the nature of opera, drama, and musical comedy, and yet, in reality, it does not belong to any one of the three classes. It was suggested to the author, the late Walter Browne, by the morality play, "Everywoman," which was performed throughout America a few years ago by a band of English players under the leadership of Ben Groot, yet the latter work was loomy and morbid, while "Everywoman" is bright, witty and abounds in comedy.

The work is on a vast scale and represents a cash outlay of upward of \$60,000. It is considered by Henry W. Savage as his greatest triumph as a producer. The cast is a long one and includes 37 speaking characters. One hundred and fifty people are employed in the production.

The accompanying music is one of the features. It is symphonic in character and includes 26 numbers which were especially composed for "Everywoman" by George Whitefield Chadwick, dean of the New England Conservatory of Music of Boston. A special symphony orchestra is carried by the organization to properly render the score. The costumes for the production are especially rich and represent the very last word of the Parisian manufacturers. The title role is played by Thais Mastrane, a woman of exceptional dramatic gifts and superb beauty. The principal male role is played by Elmer Grandin, an actor of achievements.

### "Peg o' My Heart."

Local playgoers will do well to bear in mind that Oliver Moros's brilliant production of "Peg o' My Heart" will play the Auditorium, Monday, December 15.

The organization to be seen here is announced as to be one of the cleverest acting companies that has ever presented a romantic comedy. J. Hardley Manners has written a classic from all reports, and the presenting company was engaged with object in view of fitting the roles, with players that best represented the types, which method of course, does not interfere in any way with the artistic portrayals of the parts. The title role will be played by Peggy O'Neill, who has scored most emphatically as "Peg," the little Irish-American girl who was sent to her aristocratic London relatives to be educated. Marlene Sabine will play Jerry, a role which gives him every opportunity for the display of his undoubted ability. The role of Mrs. Chichester, the

aunt, who undertakes the training of Peg, is played by Karra Kenwyn, a representative actress of many years standing, while the part of Ethel Chichester, is in the capable hands of Roxanne Lansing. Roland Hogue, the English actor will have the part of Alaric, and Fraser Coulter will be seen as Montgomery Hawkes.

Other important principals are Joseph Yanner, Olin Field, and A. T. Hendon. The magnificent scenic production carried by this organization is the exact replica of the one used in New York, where Miss Laurette Taylor has been playing "Peg" for over a year.

### High School Notes

The Armory has been rented for basket ball and the boys are now practicing on the floor in anticipation for a game with the alumni some time during the holidays. Merle Orr is manager. Mr. Millisor is coach. Karl Somers is captain.

Two of the high school boys are on the Washington trip this week, having won out in the corn contest. They are Carleton Sharer and Howard Claggett.

The football boys who have been awarded the official N are Nehls, C. Brown, Hawkins, T. Mazzy, C. Mazzy, Fundiberg, Dickeson, Somers, M. Orr, Needham, Huffman, Hayden, Wall.

The Junior class is to have charge of the Christmas program which is to be given Friday morning, December 19, at 8:30 o'clock.

At a meeting of the football letter men Monday, Herman Dickeson, tackle on this year's team, was elected captain for next season. No better selection could have been made, for he played a fine game every time this season.

A number of the recent alumni paid the school a visit during the Thanksgiving season: James Brown, Ralph Langshlin, Malcolm Nosker, Carl Walker, Clifford Sherburne, Lucile Rockoven, Mary Anderson, Eina Bright, William Fleming, Marion Kirkpatrick, Helen Lake, Catherine Long, Junia Sells, Adah Snelling, Philip Horton, Audrey Wall, Ralph Trittipo, Harold Wilson, Grace Paison, Beulah Ruland, Nellie Babin, Frederick Chase, Quincy Chadler, Ralph Porter.

The Thanksgiving number of "The Reveille" came out the day before Thanksgiving, on time, which fact

reflects great credit on the board of editors. A feature of this issue are some new headings to the various departments. The drawings were made by Philip Rhoades. The paper as a whole is the best that has ever been issued. The next number will be the Christmas number.

Literary programs were given in all of the rooms yesterday. Under the present plan every pupil in the school gets on the program at least once during the year. Programs in three rooms are here given:

## LAWYER USES REPORTER'S WITS TO LOCATE HEIR

Nearly everybody will admit that as a sleuth the average newspaper reporter "has it on" all comers from Sherlock Holmes down to William J. Burns. Attorney Carl Norpell is sure of it.

A few days ago Attorney Norpell, in seeking heirs of Col. Bryant Thornhill, in connection with settlement of the estate of the late Frederick Phillips, bethought himself of testing newspaper sleuths. He wrote to a Kansas City exchange, which now comes out and behind its fan admits it discovered the particular party sought by the administrator. She is one of the daughters of Col. Thornhill and the wife of S. J. Preston, editor of the Walker (Mo.) Herald.

# Shorthand by Machine

See Our Students Writing It--At  
**Bliss Business College**  
13 1/2 South Third Street

We are teaching "The Machine Way" to an intensely interested class. And we want you to see these students write on this machine. "The Machine Way in Shorthand" is called Stenotype, and is written on a machine called the Stenotype. The Stenotype is one of the Four Great Machines that are saving the most time today in business.

You have seen its method advertised in the great national magazines. Now come and see, in an actual demonstration, what "Machine Shorthand" is and what it is doing. See what it enables the average young man and woman to do in stenography today.

**Writes Plain English Spelling**

Here is a system that enables you to write "shorthand" with great speed, accuracy and ease.

For Stenotype is simply plain English spelling with the silent letters dropped. The Stenotype writes it in plain alphabet type--the kind you learned when you first went to school.

Not one of the usual shorthand characters is used.

So there is only a little to learn about Stenotype that you don't already know. Learning to write it is mostly a case of learning to write on this simple machine, which embodies only 22 plainly stamped keys.

Come see the Stenotype before you enroll anywhere else. We teach both the "Machine Way" and the "Hand Way" in Shorthand. Come decide which you want to take.

**Better Salaries**

There are today in business thousands of successful Stenotypists. They are

accurate writers and unusually fast, for this machine permits accuracy and speed with ease. And their services, therefore, command higher salaries than are usually paid for stenographic work.

Students of Stenotype upon graduation are getting a premium price for their services. Because they enter business with a degree of efficiency that is not attained by the ordinary beginner.

**Millions of Business Men Now Know**

The Stenotype and Stenotypy are now being advertised to millions of business men every month.

Soon every business man who hires stenographers will know what Stenotypists can do.

He will know of these legible Stenotype notes which can be transcribed by

any Stenotypist as accurately as by the one who wrote them--notes which are read as easily a year after they were written as the day they were taken down.

**315 Colleges Are Teaching Stenotypy**

Stenotypy is being taught today in 315 business colleges in every important city in the United States.

Thousands of students, having investigated it, are now learning to take dictation this way.

We are teaching Stenotypy because its principle is fundamentally sound and right--because W. S. Ireland, the inventor, an expert Court Reporter, spent nine years in perfecting it before he announced it--and because the Stenotype and Stenotypists have gained a permanent place in business.

**Come See It Today**

Call at our offices today and we will demonstrate Stenotypy and the Stenotype.

We will show you why so many students are studying this system. We will show you how you can write on this machine.

You are not obligated in asking a demonstration.

Bring your mother or father with you if you wish.

You will see in this system of taking dictation some great possibilities for a good start in business and future rapid advancement.

So come see the Stenotype. Learn for yourself why it means higher efficiency and better salaries.

## BOUND OVER ON CHARGE OF "PANDERING"

As a result of the preliminary hearing by Mayor Swartz in the first prosecution in the state under Ohio's new "white slave" law, passed by the last general assembly, Frank and Charles Ritchie of Utica, are held to the grand jury in sums of \$250 each, on the charge of "pandering." The alleged victim is Mary Joseph, an Arabian girl, who made her home in Crooksville, and who is said to be not yet 16 years old.

The prosecution follows an arrest made by police officers when one of the Ritchies, who are cousins, and the Joseph girl were found in a local lodging house early this week, where they are said to have spent the night.

Parents of the girl reside in Assyria, but she has been making her home with an uncle, a fruit dealer in Crooksville. When she disappeared last Monday two of her uncles started a search for her, visiting Zanesville and other towns in the vicinity of Crooksville, and finally coming on to Newark before their search was rewarded.

The Ritchie cousins were locked in the county jail, and the girl was held there one night awaiting action of juvenile court. The case there was still pending when Prosecutor J. Howard Jones took the matter up in an affidavit before the mayor, based on the new law which provides minimum penalties of a year, certain phases of the law provide a minimum sentence of three years and a maximum fine of \$500. The statute is broad enough to cover all likely offenses within the state under this heading.

Late Friday Mayor Swartz concluded the preliminary hearing by fixing bond for the Ritchie cousins, Saturday morning. Prosecutor Jones and Attorney J. R. Fitzgibbon, the latter representing the girl's uncles in the prosecution, told Probate Judge Hunter they did not care to prosecute the case instituted at first in juvenile court.

The preliminary hearing under the new statute developed some bitter reports and complimentary exchanges between counsel in the mayor's court, between Prosecutor Jones and Attorney Edward Kibler of counsel for the accused pair. "Bulldozer" and "fool" were prominent among the adjectives used when Attorney Kibler took exception to criticism made by the prosecutor on Kibler's method of questioning witnesses.

The defendants are said to have told the police the Joseph girl left her uncle's home with them voluntarily, under an agreement to fulfill so-called native marriage customs which they said included a one-day trial marriage before final contract was entered into. She is said to have consented to marry Frank Ritchie in return for his promise to support her and send a sum of money to her father, who is a cripple.

It is hinted that back of the entire transaction rests another feature of native Assyrian customs, which is something to the effect that relatives are supposed to have considerable to do with choosing life partners for daughters of the family. The Joseph girl's uncles declare young Ritchie is an undesirable suitor, and authorities appear to take this to mean that they have a more desirable suitor selected for her. The fact that the girl has been in custody of her uncles also seems to raise the question of their responsibility to her father for her welfare.

### CONGRESS

(Continued from page one.)

Berryman of Allen county could not make his voice heard above the tumult.

A comparatively small proportion of the delegates took part in this protest, however, and when the final vote was taken not more than 25 of the 2000 delegates, it was estimated, remained in their seats to express disapproval of the survey commission's recommendations.

Gov. Cox, in his address told the convention that with the change in the Smith law effective by the Kilpatrick law, counties will have enough funds to carry out the proposed reforms.

If there is any district that finds itself unable to do the things which we propose with the schools, we will throw open the doors of the state treasury and give money to help them," he said. "With the vast resources that Ohio has, I am sure that its citizens will see that the schools and education of the youth is not neglected. We want to give children of the country the same educational advantages that those in the cities have."

The governor assured township superintendents who have been hostile to the proposed reforms heretofore, because they thought they would lose their positions, that they need not fear being ousted.

"More township superintendents will be needed under the new laws which we propose than ever before," he added.

The governor invited all teachers and educators of the state to come to Columbus when the general assembly convenes, or to go to their representatives and senators, and urge the passage of the school reform laws. "If the legislature can't agree after you have agreed here then there will be another town meeting," he said, "and I will ask you to come here again and see what is the trouble."

Edmund A. Jones, of Otterbein university, former state superintendent of education urged the convention to endorse the survey commission's recommendations, especially for supervision in counties and townships. He declared centralization would work wonders in the rural educational system of the state.

## PLEASE SHOP EARLY....EARLY IN THE MORNING

STORE CLOSÉS AT 8:30 P. M. SATURDAY EVENINGS.

JUST 15 SHOPPING DAYS BEFORE CHRISTMAS.

In making this request, our customers will appreciate that its advantages are at least equally divided.

TO US—It lightens the pressure of afternoon business, which means that the strain on our salespeople is lighter, and we and you appreciate that the "peak-load" of endurance under strain of crowded afternoon shopping, is heavy and long.

TO YOU—It brings unhurried service, time for wise selection and reflection as to what you ought to buy, and the individual likes and dislikes of your friends—something that nine out of ten of us simply CAN'T remember when all is rush and excitement. So the advantages of early shopping, and especially early morning shopping, are certainly six for you and six for us. MAY WE ASK FOR YOUR CO-OPERATION?

## TO PLANT FISH IN BUCKEYE LAKE NEXT TUESDAY

Col. W. C. Wells received a telegram from Meredosia, Ill., Saturday reading:

"Fisheries messenger passes Bruno Tuesday, December 9, at 8:24 a. m. Meet B. & O. baggage car door promptly with three ten-gallon cans for your sunfish."

This message is from an officer of the federal government who was induced to send a planting of fish here through the efforts of Mr. Wells and Congressman Ashbrook. Last year Mr. Wells received from the government a large planting of catfish which were placed in Buckeye lake near Lakeside. The sunfish which are "bluegills" are to be planted next Tuesday in the vicinity of Avondale.

A different species will be sent to Buckeye lake next year by the federal government authorities.

Fishermen will all appreciate the successful efforts that have been made by Mr. Wells and Mr. Ashbrook.

## MEN'S MEETING SPEAKER WELL RECOMMENDED

One of the Logan, O., newspapers contained the following article about Bert Gill who will address the Men's Meeting at the First Presbyterian church tomorrow afternoon at 3:00 o'clock:

"About 800 people welcomed Bert Gill of Columbus, Sunday afternoon at the First M. E. church and listened to his lecture on 'The Power of Prayer.' He was eloquent in facts, gave a plain statement of his own experience, receiving prompt and definite response. To say he gave complete satisfaction would be drawing it mildly. He held the audience spell bound for more than an hour, you could have heard a pin drop, they were so intensely interested. It was a great message."

Every man in the city should try to hear Mr. Gill tomorrow. Free to men.

### Divorce Petition.

Charging her husband with extreme cruelty in calling her vile names and accusing her of intimacy with other men, Zella Rose will have a hearing soon on the petition for divorce filed in probate court Nov. 29, and docketed late Friday when security for costs was furnished.

Mrs. Rose alleges she married Albert Rose Jan. 22, 1888, and that about July 1, 1911, his cruelty began. They have four children, Zella, Daisy, Florence and Lena, the latter a minor. Mrs. Rose asks alimony and custody of the minor child. Attorney Eugene Moore represents the plaintiff.
